Back in 2008 we had BIG dreams for our sanctuary, which was bursting at the seams with worshipers. We had plans made up by an architect to expand the sanctuary by re-doing the chancel area so that it would hold more choir members. This meant removing two rows of the front pews, which would be made up for as we extended the balcony out over an enlarged entryway which was to have a bathroom, coat-hanging area, a set of steps up to the expanded balcony, and another set of stairs that connected balcony, lobby, and basement. We were all set to begin this expansion right when the Recession hit.

Giving dropped, Headstart moved (and took the rent money they paid with them), and attendance dropped—which meant giving decreased as well. We had to scrap the plans we'd made for the sanctuary expansion and do our best to just survive.

A couple of years passed, and there was sadness that the economy had *done us so wrong*, but the building still had things that needed addressing. So that's when the Vision began—to renew our facilities back to what they had been, or even to improve. In the fall of 2009 the Session brainstormed a wall-full of ideas for our buildings. We then prioritized that list and set out to tackle them one at a time, rather than all at once as we'd previously thought we would do.

In the 13 years since we made that Past Vision Renewed list of priorities, we've accomplished a lot! The list is on the wall of the Fellowship Hall, and here is what we've completed so far:

- Paint and Paper the Sanctuary, refinish the wood floors
- Paint the front of the church and the steeple
- Paint the stairs & ramp on the front of the church (*we've now done this multiple times since then*)
- Purchase and equip a coffee booth trailer
- Get hearing-enhancement headsets for the Sanctuary
- Upgrade the heating system in the Fellowship Hall
- Replace all of the windows in the Fellowship Hall
- Restore the front of the Sanctuary and repair the Steeple

That's a LOT of fixing-up and restoration of our buildings. And now it's time to work on the next item: Replace the ramp with a lift/elevator up to the Sanctuary.

About 25 years ago we added a ramp up to the sanctuary that allowed those with mobility challenges to more easily get into the church. It has served us well over that time, but the wood is starting to rot (despite the many coats of paint we've given it) and the metal brackets supporting that wood is rusting. Also, during the winter the snow slides off the roof and piles up on the ramp, making it unusable for months at a time.

So we're looking into possibilities for putting in a wheelchair lift so that it will be even easier for our whole church family to enter to worship. Due to our members' generosity we already have a jumpstart on saving for it, but we still have a ways to go until this can become a reality, so please keep the PVR in your donation considerations, and watch for further news about this project.

Thanks, and I'll see you in church,

Jefferson L. Hatch

2ND QUARTER MISSION — Our local focus for April, May, and June is Communities' Little Helpers. This group of children up to 12 years old, led by our own Kristen Reinertsen, gathers to perform acts of community service and kindness. They visit with, make crafts for, shop for, and donate to those in need. One of their traditional projects is to create gift bags for children admitted to the Newton hospital! Your contributions allow them to purchase items that are necessary for their program activities while they learn the value of helping others. You can mark your pew donation envelope for quarterly mission or memo "CLH" on your check made out to FPCB or use the QR Code to make your donation. Thanks for giving to this local cause!

WHO'S YOUR FARMER?

Looking for fresh just-picked produce to serve to your family? Then look no further than **Wykertown Farms LLC** which operates a CSA (Community Supported Agriculture) Program just 3 miles from the church.

“What is a CSA?” you ask. It’s a commitment between shareholders and their farmer. By entering the CSA agreement, shareholders agree that they will share in the bountiful harvest of fresh produce when the growing season is good, as well as the inherent risks of the farming operation (poor weather, drought, disease, animal impacts, early/late frost, crop failure and so on) in a bad season.

Wykertown Farms LLC is owned by our church member Cully Opilla. The CSA Program here is a “true” CSA - meaning we order the seeds, plant the seeds in our two greenhouses or field, take care of plants throughout the growing season, harvest produce when ready, and make it available for pick up twice a week. Nothing is brought in from other farms. Our shareholders know exactly where their produce is coming from and how it is grown because they can see it.

What are we planting this year? Below is a partial list:
